

Tauchelektrode
Art.-Nr.: 18.0001.els

Simple Level Probe

Electrode:

Material: AISI 316 stainless steel

Diameter: 10mm

Contact Surface: 47 cm²

Insulation:

Material: Grey polypropylene

Diameter: 21mm

Height: 102mm

Connection:

1 Cable Gland M12

Wire connection: 2.5mm²

Operation Temperature (°C); 0.....70°C

Operating Tension: less than 50VAC / 75VDC

Application:

Probe to be connected to a level control relay.
